Disposable Needle Holder

Item# 1201 / 1202

Technical Specifications

Material: Polypropylene (PP) Diameter: Body - 20mm

Base - 30mm

Height: 52.30mm

Autoclavable: Yes (without cap) 121°C for 15 minutes

Temperature Range: -80°C to +121°C

Sterility: Non-sterile

Description

The Globe Scientific multi-sample needle holder is made of unbreakable polypropylene and is designed and priced to be disposable. The holder completes the blood collection assembly when combined with appropriate needles and evacuated blood collection tubes. Use it once and discard it with the needle attached. This eliminates the hazards associated with reusable needle holders. The needle holder fits both 13mm and 16mm blood collection tubes and all common needle units.

Features

- Increased safety by eliminating the hazards associated with reusable holders
- Storage, disassembly and cleanup times are eliminated
- Needles lock securely into threads at the tip of the holder
- Fits 13mm and 16mm blood collection tubes and all common needle units
- Cost effective for both large and small users
- Made of unbreakable polypropylene
