Description

These Globe Scientific STERILE filter pipette tips are manufactured from clear high-quality polypropylene (PP). Special processing renders these tips hydrophobic for exceptionally low sample retention. The tips are certified DNase free, RNase free and non-pyrogenic. These premium quality pipette tips are manufactured in a Class 100,000 cleanroom environment under the ISO13485:2016 and ISO9001:2015 quality management systems. A universal fit design provides an airtight fit on most brands of pipettors. The tips are offered in extra-rigid autoclavable racks.
